

# HOMES ARE MORE SAFE NOW

## The BLUE-RING

**FKM**

The O-Ring in the SC Valve prevents leakage of LPG to atmosphere, which will create accidents.

LERC has developed an O-Ring using aerospace grade material which doubly enhances the performance of this component,.

Hence, taking domestic safety to unprecedented levels.

### BENEFITS

Increased Domestic Customer Safety

Improved performance and increased product life.

Increased service life due to reduced valve leaks

PATENT PENDING
