

40th Executive Committee Meeting of LERC held on 06.05.2025 at LERC, Bangalore

T D Sabu, CEO, LERC

The meeting was attended by Director (Marketing), IOCL, BPCL and HPCL, ED LPGs and other senior executives and officials of Indian Oil, BPCL and HPCL, along with officials.

Mr T D Sabu, CEO, LERC, made a detailed presentation on the various highlights of the past year and ongoing projects and plans. The meeting covered discussions on Introduction and Activities, New Products Launched, New Laboratories, Products coming up, Financial Statements /Confirmation of minutes of 39th EC Meeting and Testing Activities of LPG equipment. The meeting was also addressed by various dignitaries including Shri K Sailendra ED LPG IOCL, Shri T V Pandiyan ED LPG BPCL, Shri Dhruv Kapil ED LPG HPCL and Shri Siddarth Agarwal ED State Head KASO.

LPG Equipment Research centre Bangalore is a unique joint venture of the three major Indian Oil undertakings which specifically deals in research, development and testing of LPG related equipments. IOCL BPCL and HPCL had envisioned the establishment of this R&D facility in 1990 to standardize and modernize the LPG related Equipments used in India. The executive committee looks after the day to day management of the Centre in co-ordination with the CEO-LERC.
